

# ENROLMENT POLICY

Enrolment and orientation are an exciting and emotional time for children and families. It is important to manage this time with sensitivity and support, building partnerships between families and the Service. Such partnerships enable the Service and families to work toward the common goal of promoting consistent quality outcomes for individual children and the Service.

## PURPOSE

We aim to ensure children and families receive a positive and informative enrolment and orientation process that meets their individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

## SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

## ENROLMENT

According to the Child Care Provider Handbook (June 2019) *'enrolling children is a requirement under Family Assistance Law for all children who attend childcare (or have an arrangement for care) regardless of their parent's or guardian's eligibility for Child Care Subsidy. An enrolment links the child, the individual claiming the subsidy and the childcare service.'* An enrolment notice is required for each child attending the service. This reflects the type of arrangement that is in place between the provider and the family/individual or organisation.

## IMPLEMENTATION

The *Education and Care Services National Regulations* requires approved providers to ensure their services have policies and procedures in place for enrolment and orientation (regulation 168) and take reasonable steps to ensure those policies and procedures are followed (regulation 170).

Our Service accepts enrolments of children aged between 6 weeks- 6 years of age.

Enrolments will be accepted providing:

- a) the maximum daily attendance does not exceed the licensed capacity of the Service
- b) a vacancy is available for the booking required
- c) the adult to child ratio is maintained in each room

## PRIORITY OF ACCESS

Our Service aims to assist families who are most in need and may prioritise filling vacancies with children who are:

- o at risk of serious abuse or neglect
- o a child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment.

Providers are asked to (but are not legally obliged to prioritise children). CCS Handbook p.51

## ENROLMENT

To secure a child's position families are required to pay an enrolment fee of \$50.

Children with disabilities will be enrolled, if in the opinion of management, the Service can meet the child's needs. Additional resources and funding may be required through disability and inclusion programs.

When a family has indicated their interest in enrolling their child in our Service, we will organise an enrolment meeting to share information and build relationships.

- Families will be provided with a range of information about the Service which may include:
  - the service philosophy, inclusion, programming methods, menu, incursions, excursions, fees, Child Care Subsidy, policies, procedures, SunSmart requirements, regulations and the licensing and assessment process for Victoria, Early Years Learning Framework, signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in, and educator and parent communication strategies.
- Families will be invited to ask questions and seek any further information they may require
- Families will be provided with possible vacancies and start date
- Families will be invited to bring their child into the Service at a time that is mutually convenient to familiarise themselves with the environment and educators as part of the Orientation process
- Any matters that are of a sensitive nature, such as discussing a child's medical needs, Court Orders, parenting plans or parenting orders, will be discussed privately with management. Families will be required to bring any documents required in relation to court orders, medical needs or plans.
- Families will complete the enrolment form informing management of their child's interests, strengths and individual needs
- If a family or child uses English as a second language or speak another language at home, we request that families provide us with some key words in the language/s the child speaks so that educators can learn these words. Educators may use visuals to assist the child's understanding and be able to communicate with others.
- Families who wish to receive CCS as reduced fees must apply for CCS through the myGov website/app, this includes completing the Child Care Subsidy activity test.
- Information about gap fees and absences will be discussed.
- It is a legal requirement that prior to the child starting at the Service we have all required documents including

- the completed enrolment form
  - medical management plans (if relevant) completed by the child’s general practitioner
  - birth certificate
  - a current Immunisation History Statement from the Australian Immunisation Register (AIR) showing the child is up to date with immunisations for their age *and*
  - details of any court orders, parenting orders or parenting plans
  - Direct Debit details
- It is a requirement of the Family Assistance Office that immunisation information held by the Service is kept current. Parents are reminded mid-way through the year to provide any immunisation updates to the Service in order to continue receiving childcare subsidy.
  - Children must meet the immunisation requirements to be eligible for Family Tax Benefit (FTB) Part A and Child Care Subsidy (CCS). Some exemptions apply; however families are advised that vaccination conscientious objection is not a valid exemption.
  - Parents must notify the Service if their child is not up to date with their immunisations for their age via the enrolment form and attach the required documentation on their *AIR immunisation History Statement*.
  - To have an enrolment confirmed for a child in long day care, kindergarten, family day care or occasional care, parents/carers have to provide the service with a current immunisation history statement to show the child is up to date with all vaccinations that are due for their age. [read more [here](#)]
  - Families are advised that since January 2018 children who have not been immunised due to parent’s conscientious objection cannot be enrolled at an early childhood education and care service.
  - If a child cannot be immunised due to a medical condition they may still be enrolled at the Service with supporting documentation (Medical Exemption Form).
  - If a child is on a ‘catch-up’ schedule for immunisations they may still be enrolled at the Service. The child’s immunisation history statement will indicate that the child is on a catch-up schedule.
  - Unborn children may be placed on the waiting list to avoid the unfair allocation of places that may occur if children can only be placed on the list after birth. If an unborn child is placed on the waiting list, the family must advise the Service of the expected birth date. It is the responsibility of the parent to inform Management of the name and date of birth of the child within three months after the expected birth date. If this information is not provided, then the child and family details will be removed from the list.
  - It is the family’s responsibility to keep the Service informed of any changes to the information recorded on the application form.

## CHILD CARE SUBSIDY

[Child Care Subsidy](#) (CCS) offers assistance to families to help with the cost of childcare for children aged 0-13 years. There are three factors that determine a family's level of CCS. These are:

- [Combined annual family income](#)
- [Activity test](#) – the activity level of both parents
- [Service type](#) – type of child care service and whether the child attends school
- Documentation may be required such as Australian driver licence, Australian passport, Foreign passport, Australian birth certificate, Australian Marriage certificate, Australian citizenship certificate
- Families are provided with a Customer Reference Number (CRN)
- Child Care Subsidy is paid directly to providers to be passed on to families as a fee reduction
- Families will contribute to their childcare fees and pay the Service the difference between the fee charged and the subsidy amount- generally called the 'gap fee'
- Families may also be eligible for [Additional Child Care Subsidy](#) depending upon their circumstance.

## COMPLYING WRITTEN ARRANGEMENT (CHILD WELLBEING) PROCEDURES

- The Provider and Parent must enter into an agreement regarding the planned arrangements for care of a child, this is called a *Complying Written Arrangement* (CWA) and is an agreement to provide care in return for fees.
- The CWA must be recorded, and the parent must confirm the terms of the agreement either electronic or hard copy and this must be kept by the provider.
- The CWA must include the following information:
  - the names and contact details of the provider and the individual(s)
  - the date the arrangement starts
  - the name and date of birth of the child (or children)
  - if care will be provided on a routine basis and if so, details about the days on which sessions of care will usually occur
  - the usual start and end times for these sessions of care

- whether care will be on a casual or flexible basis (in addition to, or instead of, a routine basis)
- details of fees charged under the arrangement (providers can reference a fee schedule or information available on their website), which the parties understand may vary from time to time.
- Where there are certain changes (fees or booked days) to the individual Complying Written Arrangements (CWA) for care between the provider and an individual, the provider must update the arrangement in writing, and the families are required to confirm the changes by signing the updated CWA.
- An enrolment notice must be submitted within 7 days following the signed CWA and enrolment acceptance.
- Once the provider submits an enrolment notice the family will be asked to confirm the enrolment through their MyGov account.

#### ADDITIONAL CHILDCARE SUBSIDY PROCEDURE

Our Service will ensure all ACCS applications are managed in line with the [Guide to Additional Child Care Subsidy \(child wellbeing\)](#) and [CCS Handbook](#)

- Parents can apply for ACCS (grandparent), ACCS (temporary financial hardship) or ACCS (transition to work) through Centrelink directly
- The provider can apply for ACCS (child wellbeing) through the CCS software or PEP for children identified at risk of serious abuse or neglect.
- Once a child has been identified as 'at risk' the service will check the ACCS eligibility requirements from the Guide to the ACCS (Child Wellbeing).
- If the service deems the child is eligible for ACCS the service will submit an initial ACCS Certificate for a 6 week period.
- The service needs to provide a referral to an appropriate support agency in conjunction with the submission of an ACCS certificate.
- If further ACCS (Child Wellbeing) is required following the initial 6 week certificate the service may apply for a Determination for a period of up to 13 weeks.
- Following an application for an ACCS 6 week certificate the provider will abide by the requirement to make an ACCS (child wellbeing) referral to an appropriate support agency
- Following an application for an ACCS 12 week determination the provider will abide by the requirement that the application must be accompanied by evidence, dated less than 6 months old, or a statutory declaration that supports the provider's view that the child continues to be 'at risk'.

- If the child continues to be 'at risk; after the initial 13-week determination then the provider needs to lodge a subsequent determination application

### ENROLMENT RECORD KEEPING

Our *Record Keeping and Retention Policy* outlines the information and authorisations that we will include in all child enrolment records.

### ON THE CHILD'S FIRST DAY

Consideration will be made to each family regarding the initial settling in period and strategies may be offered to assist both parents and the child. Parents will be reassured that they are able to stay with their child for as long as they choose in the early days; speak to their child's educator at any time; contact the service during the day to 'check' in on their child and request help with separation if this is a problem for their child.

On the first day, the child and their family will be welcomed by the Director or Nominated Supervisor and shown where or how to sign their child in/out of the service

- They will be greeted by an educator and walked to their room
- The educator will discuss what is happening in the room, and show where the child's bag is placed
- Information about collecting their child at the end of the day will be discussed
- Educators will ensure information about the child's first day is shared with parents
- Management will ensure the orientation checklist has been completed and all required documents and information has been received from families.
